TRIMPEKS
new health dimensions

Trimpeks Healthcare has been established in 1990 in Istanbul/Turkey, by partners having the awareness of how valuable and important Health is, in a person's life.

Considering that a person should both manage to check himself and/or heal himself, at a daily routine or at the required times; we have built up a complete "Home Healthcare" range.

Considering as well that a person has at the required times, to be cared by the Health Professionals in Hospitals and Clinics; we have also built up a complete "basic" "Hospital Products" range.

In this way, we have become a "**1-Stop-Shop**" for healthcare requirements; which prestigiously serves over 50 countries around the world.

Our criteria for choosing the elements which build up our Product Portfolio is that: **"Each & every Trimpeks Product, should be of quality that can be used with our Family Members"**

Since you have this Catalogue in your hand, we welcome you to be a Trimpeks Partner in your country.

Sincerely yours,

Your "TRIMPEKS TEAM"

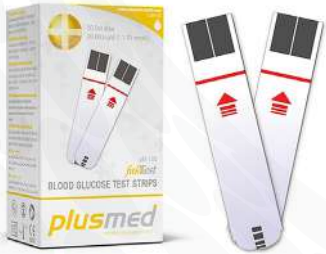
pM-100 fasTTest — Blood Glucose Monitor Device

Recognized for its ease of use and quick response time, the Plusmed fasTTest Blood Glucose Monitoring System is designed to process accurate results utilizing only a small amount of blood for in vitro diagnostics. The Plusmed fasTTest Blood Glucose Monitoring System is intended for use in the home and in professional settings to monitor whole blood glucose levels obtained from the fingertip, palm and forearm.

1. 5 seconds measurement
2. 0.5 µl blood sample
3. Auto- code system
4. 4 reminder alarms
5. 300 memories
6. Transfer to PC
7. Big LCD screen
8. Hypoglycemic & Hyperglycemic indicator alarms
9. 7-14-30 days average results
10. "Hi" and "Lo" range settings
11. Alternative site testing

Order Code: M020751 - **Product No:** 5060186753614

pM-100 fasTTest — Blood Glucose Test Strips



The Plusmed fasTTest Blood Glucose Test Strips are used with the plusmed fasTTest Blood Glucose Meter for quantitatively measuring glucose (sugar) in whole blood obtained from the fingertip, palm and forearm. The Plusmed fasTTest Test Strips are for testing outside the body (in vitro diagnostic use).

Order Code: M020752 - **Product No:** 5060186753621

1. For testing glucose in capillary blood
2. Tiny blood sample size (0.5 µl)

pM-100 fasTTest — Blood Lancets

Plusmed fasTTest blood lancets are used with lancing device for taking blood sample. Plusmed fasTTest blood lancets are disposable and for single patient use.

Order Code: M021965 - **Product No:** 6957138609251

1. Painless application due to thinness
2. Needle gauge: 30G
3. More reliable due to gamma sterilization method

fasTTest DailyCheck

Blood Glucose Monitoring System

Recognized for its ease of use and quick response time, the Plusmed fasTTest DailyCheck Blood Glucose Monitoring System is designed to process accurate results utilizing only a small amount of blood for in vitro diagnostics. The Plusmed fasTTest DailyCheck Blood Glucose Monitoring System is intended for use in the home and in professional settings such as hospitals and clinics, to monitor whole blood glucose levels obtained from alternate sites in different positions such as sitting on a chair or at bedside. The display with contrast, large icons and large numbers enables people to read the test results easily.

Order Code: M020775 **- Product No:** 8698864016071

1. 5 seconds measurement
2. 1 µl blood sample
3. No coding required
4. Alarm for testing schedule
5. 360 test memories with date&time
6. 7,14 and 28 day averaging
7. mmol/L or mg/dL (switchable)

Order Code: M020776 **- Product No:** 8698864016088

pM-900 fasTTest DiagnoPRO

Blood Glucose Monitoring System

Recognized for its ease of use and quick response time, Plusmed fasTTest DiagnoPro Multi-Monitoring System is designed to process accurate results utilizing only a small amount of blood for in vitro diagnostics. Plusmed fasTTest DiagnoPro Multi-Monitoring System is for quantitatively measuring Blood Glucose (sugar), Blood -Ketone and Blood Uric Acid in fresh capillary whole blood, neonatal blood, arterial and venous blood samples. It is only for use outside the body (For in vitro diagnostic use) and intended for self-testings of patients at home and professional use in hospitals and clinics to monitor blood glucose levels.

Order Code: M020776 **- Product No:** 8698864016088

1. Multi Function (Blood Glucose, Blood - Ketone* and Blood Uric Acid*)
2. GOD 0.7 µl Blood Sample
3. Average glucose in 7, 14, 30, 60 and 90-days
4. Results in 5 Seconds
5. Memory Up to 500 Tests
6. Strip Ejector
7. ISO 15197:2013 / EN ISO 15197:2015 Certified
8. PC Download via data transfer cable
9. Suitable for Neonatal use
10. 6 months test strip expiry after vial's first opening
11. Measurement range indicator

Order Code: M020722 **- Product No:** 8698864014572

fasTTest Hblyzer

HB Hemoglobin Testing System

Fasttest Hblyzer is intended to be used for quantitative determination of Hemoglobin (Hb) and calculated Hematocrit (Hct) in capillary and venous human whole blood. This system is intended for outside of the body (in vitro diagnostic use) by physical examination and by healthcare professional in a clinical situation such as anaemia.

1. Results in 15 seconds
2. 10 µl small blood sample size
3. Memory stores 1000 reading with date and time
4. Switchable three measuring unit
5. Deluxe carry case
6. Large LCD
7. Auto power off
8. Uploading Data to PC via Plusmed Fasttest HBlyzer Software

Order Code: M020783 **- Product No:** 8698864014954

fasTTest Hblyzer

HB Hemoglobin Test Strips

fasTTest HBlyzer hemoglobin strip is used with fasTTest HBlyzer hemoglobin meter as a Hemoglobin Analyzing System to quantitatively measure hemoglobin with capillary and venous whole blood. The Hemoglobin Analyzing System is intended for in vitro diagnostic use (for Medical Detection Mechanism) only (outside of the body).

Order Code: M020781 **- Product No:** 8698864014961

1. For testing hemoglobin with capillary and venous whole blood
2. Tiny blood sample volume (10 µL)
3. 50 test strips

GLYCOHEMOGLOBIN ANALYZER

Unique Handheld HbA1c.
Analyzer for Better Diabetes Care

1. Portable Testing of HbA1c
2. Accuate Result with CV<3%
3. Easy and Fast Operation
4. Room Temperature Storage

Order Code: M020784 - **Product No:** 8698864015975

Order Code: M020785 - **Product No:** 6935784400033

FASTFINE

Insulin Pen Needles

Pen needles are used in conjunction with injection pens to deliver injectable medications into the body. Insulin pen needles come in a variety of lengths and widths to suit all body types. From 8 mm to 4 mm, the needle length you choose is likely to be dictated by your size, children being likely to benefit from the shorter 4 mm size. Each pen needle is embedded in a plastic hub that can attach to the pen.

1. Sterile
2. Fits all insulin pens
3. Non toxic, non pyrogenic
4. Silicon coated
5. Available in 4 different sizes
   - 32 G (0.23 X 4 mm)
   - 32 G (0.23 X 5 mm)
   - 31 G (0.25 X 6 mm)
   - 31 G (0.25 X 8 mm)

4MM-32G-100 - Order Code: M026620 - **Product No:** 6972857290863

5MM-32G-100 - Order Code: M026621 - **Product No:** 6972857291723

6MM-32G-100 - Order Code: M026622 - **Product No:** 6972857290856

8MM-31G-100 - Order Code: M026623 - **Product No:** 6972857291716

MT-811

Pen Type - Digital Thermometer

This thermometer can measure the temperature in various locations on the body which maintain a fairly stable temperature (oral, axillary, rectally). Display readings to great precision (0.1 °C or 0.2 °F).

1. ± 0.1°C Accuracy
2. Fast response
3. Memory function
4. Auto shut-off

Order Code: M029430 **- Product No:** 6973709231058

UltraScan II

Infrared Thermometer Ear & Forehead Scan

1. Measured on forehead or ear
2. Fast reading
3. 10 reading memory
4. 3-color Backlight
5. Result in 1 second
6. Automatic power-off

Order Code: M020438 **- Product No:** 6970392214481

SMARTPRO

Digital Blood Pressure Monitor

1. Accurate measurements
2. Big Screen with easy to read Big Numbers and Backlight
3. WHO Hypertension Risk Indicator
4. Irregular Heartbeat detector (IHB)
5. Average of the last 3 measurements
6. 2 x 120 memories with date & time indication for two users
7. Cuff Tightness indicator
8. Body Movement indicator
9. Low Battery indicator
10. Auto power off
11. Type-C USB port
12. 22-42 cm Cuff
13. 4 x “AAA” Alkaline Battery
14. Carry Pouch

Order Code: M028757 **- Product No:** 6948158401154

CONNECT

Arm-Type Fully Automatic Digital Blood Pressure Monitor

1. Accurate Measurement
2. Quiet Inflation Method
3. Automatic Power Off
4. Irregular Heartbeat Indicator
5. Last 3 Tests Average
6. Static Pressure Measurement
7. Bluetooth connection
8. 2x150 Memories in Two Groups with Date and Time
9. Cuff Circumference Approx.135 (W) x 485(L) mm

Order Code: M028743 **- Product No:** 6970392213408

pM-8197W

Wrist-Type Fully Automatic Digital Blood Pressure Monitor

1. Quiet Inflation Method
2. Average of Last 3 Measurements
3. Accurate Measurement
4. Irregular Heartbeat Detection
5. Quick Result
6. Automatic Power-off
7. Wrist Circumference: 13,5-21,5 cm (5,3-8,5”)

Order Code: M028740 **- Product No:** 8698864016484

PERFECT

Professional Aneroid Sphygmomanometer

1. Chrome plated metal case
2. 48 mm diameter of dial
3. Stainless steel handle with chrome plated
4. 0-300 mmHg scale
5. ±3 mmHg measurement accuracy
6. Green Cotton Adult Hook Cuff
7. Double tube system
8. Storage case

Order Code: M021629 - **Product No:** 6970384252132

Palm Sphyg I

Aneroid Sphygmomanometer

1. ABS plastic upper case
2. 60.2 mm diameter of dial
3. Right or left hand usage
4. Large zinc-alloy handle with black powder-coating
5. Deflation valve: “Push to button” for rapid deflation, “screwing” for precise deflation
6. Nylon D-Ring Adult Cuff
7. Silicone shockproff ring
8. Storage case

Order Code: M021630 - **Product No:** 6970384252187

pM-A01S

Aneroid Sphygmomanometer

Blood pressure measurements with the PM-A01S are done using the cuff / stethoscope listening method. It provides more reliable measuring.

1. 300 mmHg non-stop pin manometer
2. D-ring nylon cuff
3. Heavy duty metal gauge
4. Lightweight exterior single head stethoscope
5. Chrome plated brass air relief valve

Order Code: M029350 - **Product No:** 6975531370097

METAL HOOK CUFF

1. Compatible with Aneroid Sphygmomanometers
2. Double tube
3. Latex bladder
4. Green
5. Cuff dimensions: 49 x 14 cm
   Bladder dimensions: 22 x 12 cm
   Arm circumferences: 25 – 40 cm

MANOMETER

1. Compatible with Aneroid
2. Sphygmomanometers

BULB

1. Compatible with Aneroid
2. Sphygmomanometers

VELCRO CUFFS

Specification	Size (mm)	Arm Range (mm)
New born	185x55	----
Infant	255x75	130~190
Child	345x110	184~267
Adult	540x145	254~406
Large adult (Obese)	620x175	333~510
Thigh	780x220	406~660

D-RING CUFFS

Specification	Size (mm)
Adult	500x140
Large adult (Obese)	600x170

pM-ST71

Stethoscope - Single Head

1. Comfortable fit
2. High Quality
3. Better healthcare
4. Good acoustic response
5. Ear tips with soft cone-shaped bell
6. Aluminum alloy
7. Aluminum alloy binaural with chromium plate
8. Chest piece diameter: 46 mm
9. Diaphragm diameter: 42.8 mm

Order Code: M020180 **- Product No:** 8698864015524

pM-ST72

Stethoscope - Dual Head

1. Comfortable fit
2. High Quality
3. Better healthcare
4. Good acoustic response
5. Bell with non-chilling ring
6. Ear tips with soft cone-shaped bell
7. Opposite direction, two feature function
8. Aluminum alloy
9. Aluminum alloy binaural with chromium plate
10. Chest piece diameter: 46 mm
11. Diaphragm diameter: 42.8 mm

Order Code: M020195 **- Product No:** 8698864015531

CardioSTETH I

Stainless Steel Cardiology Stethoscope

1. Silver dual head chestpiece for cardiology diagnosis
2. Stainless steel chestpiece, excellent sound conduction
3. The membrane is sensitive for sound collecting
4. A" shaped thick tube with excellent resistance to ambient
5. interference ensuring best sound conduction
6. Comes complete with accessories

Order Code: M020190 **- Product No:** 6970384252194

TaylHM

Taylor Type Percussion Hammer

1. Weight: 56 g
2. Lenght: 188 mm
3. Width: 21 mm
4. Zinc alloy handle, PVC head

Order Code: M030035 **- Product No:** 6970384252200

BuckHM

Buck Type Percussion Hammer

1. Weight: 90 g - Length: 186 mm - Width: 56 mm
2. Zinc alloy handle, PVC head
3. Diagnostic pin can be screwed off conveniently in the head, while diagnostic brush can be taken out in the end

Order Code: M030036 **- Product No:** 6970384252217

BabiHM

Babinski Type Percussion Hammer

1. Weight: 97 g
2. Lenght: 230 mm
3. Width: 44 mm
4. Zinc alloy handle, PVC head

Order Code: M030037 **- Product No:** 6970384252224

RespiAid SMART

Piston Compressor Nebulizer

1. Piston Compressor
2. Ample Ventilation
3. Safety Fuse
4. 2-Piece Medicine Bottle
5. Low Noise Level - Less than 60 dBA
6. Wall-Mountable Design
7. Shock-Resistant Case with Handle
8. 3-Ball Bearing for Smoother Operation

Order Code: M029562 - **Product No:** 8906099802520

RespiAid Mesh-01

Mesh Nebulizer

Plusmed RespiAid Mesh-01 is intended for the treatment of respiratory diseases such as asthma, allergies, etc. Thanks to the self-excited oscillation circuit, the ceramic sheets contained in nebulizing head together with the metal mesh are driven successively to oscillate at a high frequency, which makes the liquid flowing through the micromesh of the metal mesh and being ejected and nebulized to form an inhalant aerosol.

1. Replaceable medicine cup
2. Quiet design
3. Dual power supply (2 x 1.5 V AA batteries or Micro USB 5 V)
4. Particle size ≤ 5μ
5. Nebulization rate ≥0.20 ml/min
6. Capacity of medicine cup ≤ 8 ml
7. Accessories: Medicine Cup I Mouthpiece I Adult Mask I Child Mask I USB Cable I Storage Bag I Battery

Order Code: M0295572 - **Product No:** 8698864016378

RespiAid P2

Portable Oxygen Concentrator

Plusmed RespiAid P2 Portable Oxygen Concentrator is used on a prescriptive basis by patients requiring supplemental oxygen. It supplies a high concentration of oxygen to the patients.
It supplies a high concentration of oxygen and is used with a nasal cannula to channel oxygen from the concentrator to the patient. The Plusmed RespiAid P2 is small, portable and may be used in home, institution and various mobile environments. Plusmed RespiAid P2 Portable Oxygen Concentrator conforms to all applicable FAA acceptance criteria for Portable Oxygen Concentrator carriage and use on board aircraft.

1. Lightweight 1.98kg
2. Mini Size: 221*85*160mm,Very small size, easy to carry
3. 5 Setting Flows: From 1-5 setting flows,can meet different oxygen demand
4. Pulse Oxygen Supply: Plusmed RespiAid P2 is equivalent to 5 liters
5. High Efficiency Molecular Sieve: Efficient adsorption capacity, can purify more pure
6. Oxygen Concentration: 90% -3% / +6%
7. Powerful Compressor: Powerful compressor can provide stable output
8. Triple Filtration: Effectively remove air pollen, large particles, dust and other impurities
9. Battery: 8 cell standard Battery Up to 4 hours

Order Code: M023033 **- Product No:** 8698864015685

pM-KN04

Oxygen Concentrator

PM-KN04 Oxygen Concentrator consisted of air compressor, adsorption tower of molecular sieve, sensor and flow meter. With the molecular sieve to be absorbent, the machine adopts PSA (pressure swing adsorption) method to directly concentrate medical oxygen with high concentration from the air.
It is small and portable. The machine takes the advantages of small in volume, light in weight, convenient in moving (as it has turning truckle), stable in performance, high in safety, easy in operating, low in noise, safe in working, which complies with requirements of medical device. The machine can also realize the measurement and display of SpO^2, and pulse rate by connecting accessories. The machine has a wide application, including family, clinic, hospital, oxygen bar, plateau outpost, gym center, etc.

1. With working indicator
2. Built-in filters to pure the gas
3. Oxygen concentration status indicator
4. Function of accumulating time
5. Function of timing shutdown
6. Alarm for power failure
7. Alarm for high/low pressure protection
8. Alarm for low flowrate
9. Alarm for high temperature
10. Measure SpO2 and pulse rate
11. Internal nebulizer

Order Code: M023027 **- Product No:** 8698864015692

OxyCheck

Pulse Oximeter

OxyCheck Pulse Oximeter is a non-invasive device intended for the spot-check of oxygen saturation of arterial hemoglobin (SpO^2) and the pulse rate of adult and pediatric patients in home and hospital environments (including clinical use in internist/-surgery, anesthesia, intensive care etc.).

1. Big display
2. Measures blood oxygen saturation level and pulse rate
3. SpO^2 & PR waveforms
4. Perfusion Index (PI)
5. Easy to Operate
6. High Accuracy
7. Low battery indicator
8. Automatic power off within 5 seconds
9. Screen displayed in 4 directions

Order Code: M061607 **- Product No:** 8698864015562

pM-AF03

Hydrophobic Suction Filter

1. Size: H:54mm; w. 64mm
2. Housing:ABS
3. Filter: Hydrophobic PTFE Media Disc
4. BFE: 99.999%
5. Pore Size:0.2μm
6. Weight:18.2g
7. Connector:8mm
8. Stepped Hose Barbs
9. Max Operating Pressure：20psi
10. Effective Filtration Area: 24.6cm2
11. Max Operating Temp:60°C

Order Code: M024911 **- Product No:** 8698864016163

pM-AF05

Hydrophobic Suction Filter

1. Size: H:54mm;w.58mm
2. Housing:PPFilter:
3. Air filtration membrane
4. BFE:99.999%
5. Pore Size:0.3um
6. Weight:19.8g
7. Connector:6mm-8mmStepped Hose
8. Barbs
9. Max Operating Pressure:20psi
10. Effective Filtration Area: 15.5cm2
11. Max Operating Temp: 60°C

Order Code: M024912 **- Product No:** 8698864016170

RespiAid — CPAP System

RespiAid CPAP is equipped with required alarm and warning systems to offer simplicity, safety and comfort to the user to provide continuous treatment.

1. Modes: CPAP
2. Pressure Range: 4 – 20 hpa
3. Ramp time: 0-60 minutes
4. LCD Display
5. Powerful Analysis Software
6. SD card
7. Auto Altitude Compensation
8. Auto Leak Compensation
9. Auto on/off
10. High performance motor
11. Humidification: 0-5
12. Humidifier:
    Easy clean I Easy to fill water chamber I
    Metal Material I Fast Heating I Good humidification
13. Noise Level: <30 dB
14. Language: Multiple
15. Weight:
    Without humidifier : <1 kg
    Humidifier included : <1.6 kg
16. Dimensions:
    140 mm × 156mm × 94 mm (without Humidifier)
    262 mm × 156mm × 94mm (with Humidifier)

Order Code: M022507 **- Product No:** 8698864015647

RespiAid — AutoCPAP System

Designed to provide the user with a comfortable sleep, RespiAid Auto CPAP offers all kinds of details for tracking the treatment parameters, and as an extremely technological product, it is equipped with alarm and warning systems and provides simplicity, safety and comfort to the user.

1. Modes: CPAP, APAP
2. Pressure Range: 4 – 20 hpa
3. Ramp time: 0-60 minutes
4. LCD Display
5. Powerful Analysis Software
6. SD card
7. Auto Altitude Compensation
8. Auto Leak Compensation
9. Auto on/off
10. High performance motor
11. Humidification: 0-5
12. Humidifier:
    Easy clean I Easy to fill water chamber I
    Metal Material I Fast Heating I Good humidification
13. Noise Level: <30 dB
14. Language: Multiple
15. Weight:
    Without humidifier : <1 kg
    Humidifier included : <1.6 kg
16. Dimensions:
    140 mm × 156mm × 94 mm (without Humidifier)
    262 mm × 156mm × 94mm (with Humidifie)r

Order Code: M022508 **- Product No:** 8698864015654

RespiAid

BPAP-30T – BPAP S System

Plusmed RespiAid BPAP-30T "S BPAP" can be comfortably used during central apnea besides supporting spontaneous breathing. While providing respiration with minimum effort thanks to the improved breathing compatibility technology without tiring the user. Furthermore, it supports the healthcare professionals with detailed analysis and an integrated reporting program.

1. Modes: CPAP, APAP, BPAP-S, BPAP T
2. Pressure Range: 4 – 30 hpa
3. Ramp time: 0-60 minutes
4. LCD Display
5. Powerful Analysis Software
6. SD card
7. EP Flex
8. Auto Altitude Compensation
9. Auto Leak Compensation
10. Auto on/off
11. High performance motor
12. Humidification: 0-5
13. Humidifier:
    Easy clean I Easy to fill water chamber I
    Metal Material I Fast Heating I Good humidification
14. Noise Level: <30 dB
15. Language: Multiple
16. Weight:
    Without humidifier： <1 kg
    Humidifier included： <1.6 kg
17. Dimensions:
    140 mm × 156mm × 94 mm (without Humidifier)
    262 mm × 156mm × 94mm (with Humidifier)

Order Code: M022509 **- Product No:** 8698864015661

RespiAid

BPAP-30T Pro – BPAP ST System

Plusmed RespiAid BPAP-30T Pro "ST BPAP" can be comfortably used during central apnea besides supporting spontaneous breathing. While providing respiration with minimum effort thanks to the improved breathing compatibility technology without tiring the user. Furthermore, it supports the healthcare professionals with detailed analysis and an integrated reporting program.

1. Modes: CPAP, APAP, BPAP-S, BPAP T, BPAP-ST
2. Pressure Range: 4 – 30 hpa
3. Ramp time: 0-60 minutes
4. LCD Display
5. Powerful Analysis Software
6. SD card
7. EP Flex
8. Auto Altitude Compensation
9. Auto Leak Compensation
10. Auto on/off
11. High performance motor
12. Humidification: 0-5
13. Humidifier:
    Easy clean I Easy to fill water chamber I
    Metal Material I Fast Heating I Good humidification
14. Noise Level: <30 dB
15. Language: Multiple
16. Weight:
    Without humidifier： <1 kg
    Humidifier included： <1.6 kg
17. Dimensions:
    140 mm × 156mm × 94 mm (without Humidifier)
    262 mm × 156mm × 94mm (with Humidifier)

Order Code: M022510 **- Product No:** 8698864015678

pM-FM

Full Face CPAP Mask

pM-FM Face Mask is comfortable flexible and quiet as it is designed to minimize the contact with the skin, which provides a comfortable feeling to the user during the treatment.

1. Anti-asphyxia valve
2. Adjustable silicone forehead support
3. Two sided ventilation
4. Oxygen entry port
5. Latex free
6. Adjustable Clips
7. Revolver head elbow

MEDIUM I Order Code: M027181 - **Product No:** 8698864011687

LARGE I Order Code: M027183 - **Product No:** 8698864011687

pM-NM

Nasal CPAP Mask

pM-NM Nasal Mask is designed for a comfortable, quiet and flexible use. Due to the minimized contact with the skin, the user has a comfortable feeling during the treatment.

1. Adjustable silicone forehead support
2. Ventilation
3. Oxygen entry port
4. Does not Contain Latex
5. Unbreakable clips
6. Revolver head elbow

MEDIUM I Order Code: M027180 - **Product No:** 8698864011670

LARGE I Order Code: M027182 - **Product No:** 8698864011670

pM-AD01

Tubular Pressure Mattress System

This product is intended to help and reduce the incidence of pressure ulcers while optimizing patient comfort. For emergent CPR, please pull the CPR yellow strip outside quickly to reduce the air fast.

1. Air ventilation function
2. Tubes on A-B lines provide alternating inflating
3. CPR - Fast Air Release Valve
4. Made of heavy duty, premium PVC
5. Easy to use
6. Adjustable
7. Low noise, low vibration, low temperature
8. Easy fixing on bed frame with hooks

Order Code: M022143 **- Product No:** 6975397940014

pM-2012 PLUS

Bubble Pressure Mattress System

This product is intended to help and reduce the incidence of pressure ulcers while optimizing patient comfort. It also provides individual home care setting and long term care of whom suffering from pressure ulcer and pain management as prescribed by a physician.

1. Easy to use
2. Adjustable
3. Low noise
4. Low vibration, low temperature

Order Code: M022185 **- Product No:** 6975397940007

pM-TE01

TENS & EMS Electrical Stimulator

Plusmed TENS+EMS Dual Therapy System is a dual channel digital TENS/NMES electrical stimulator for active treatment application. Transcutaneous Electrical Nerve Stimulator (TENS) can be used for symptomatic relief of chronic intractable pain. Neuromuscular electrical stimulation (NMES) can be used for relax muscle spasms, prevent or retard disuse atrophy, increase local blood circulation, re- educate muscles or maintain / increase the range of motion.

1. Digital technology
2. 2 channels
3. 8 different programs
4. Low battery indicator
5. 12-step-timer
6. Adjustable intensity and treatment time

Order Code: M026502 **- Product No:** 8698864013544

AS9020

TENS & EMS Electrical Stimulator

1. TENS - EMS - MASSAGE functions
2. 2 output with 24 modes
3. 20 level intensity
4. 20 minutes default timer
5. Adjustable from 10-60 minutes
6. Screen with backlight
7. Rechargeable lithium battery
8. Battery indicator (shows when the battery needs to be recharged)
9. Type-C charging interface

Order Code: M026503 **- Product No:** 6970890320783

Reuseable Hot / Cold Pack

The use of heat and cold is a standard treatment for a variety of injuries. The type and age of the injury or condition indicates whether hot or cold is appropriate. The use of hot and cold packs is one of the simplest methods of applying heat or cold to the affected area. Cold pack decrease the bruising associated with sprains, as well as the swelling and help to relieve the pain associated with these conditions by numbing the area. Hot pack relaxes muscles and improves blood circulation and produces a soothing effect on the body, further aiding in the healing process.

1. Comfortable and convenient application
2. Provides effective relief from muscular pain
3. Helps reduce swelling
4. Great for treating a wide range of tissue injuries
5. Reusable pack is perfect for continuous treatment at home

Order Code: M022141 **- Product No:** 8698864007123

SıkıFıkı

Premium Condoms

1. Latex Rubber Condoms
2. Unit pack size: 1 Condom
3. Nominal width in mm: 52±2mm
4. Quantity: 100 Condoms
5. No method of contraception can provide 100% preotection against pregnancy or the transmission of HIV or other STD's.
6. Made of natural rubber latex.
7. Do not use if package is damage.

Order Code: M030718 **- Product No:** 6970533250491

COLOSTOMY - ILEOSTOMY - UROSTOMY SYSTEM

1. One-Piece Colostomy Pouch (Closed or Drainable)
2. One-Piece Urostomy Pouch (With Tap)
3. Two-Piece Colostomy Pouch (Closed or Drainable)
4. Baseplate for Two-Piece Colostomy System
5. Baseplate for Two-Piece Urostomy System

TRULY

Digital Thermometer - INFRARED NON-CONTACT

It measures the ambient and body temperature without contact with colored warning symbols.

1. 0,5 second measurement
2. LCD display with backlight
3. Fever alarm
4. 32 memories
5. °C or °F switchable
6. Automatic shut-off
7. Color Temperature Warner

Order Code: M029631 **- Product No:** 8698864013742

GUARDY PRO

Digital Blood Pressure Monitor

Guardy Pro can be used by 2 users and is monitoring the risk of Hypertension according to WHO.

1. Accurate measurements
2. Big Screen with easy to read Big Numbers and Backlight
3. WHO Hypertension Risk Indicator
4. Irregular Heartbeat detector (IHB)
5. Average of the last 3 measurements
6. 2 x 120 memories with date & time indication for two users
7. Cuff Tightness indicator
8. Body Movement indicator
9. Low Battery indicator
10. Auto power off
11. Type-C USB port
12. 22-42 cm Cuff
13. 4 x “AAA” Alkaline Battery
14. Carry Pouch

Order Code: M028758 **- Product No:** 6948158401147

STEAMY

Nebulizer - COMPRESSOR TYPE

STEAMY is a user friendly nebulizer with a powerful compressor. It is designed to deliver the prescribed medication solution to treat patient respiratory disorders, such as asthma, allergies and bronchitis. The nebulizer converts the medication solution into an aerosolized mist which is inhaled by the patient through the mouthpiece or masks.

1. Average Nebulization Rate > 0.32ml/min
2. Mode of Operation: 24 hours continuous
3. Flow Rate: 5-8 LPM
4. MMAD: 3 µm

Order Code: M029724 **- Product No:** 8698864007734

FONDLY

Electronic Baby Scale

1. 4 high precision strain gauge sensor
2. Auto on and auto off
3. Tare function
4. Auto lock/hold function
5. Low battery and overload indication
6. Unit conversion switch
7. With Height Measurement Tape

Order Code: M024324 **- Product No:** 8698864015753

BRP-306

Electric Breast Pump

1. Wearable type, Invisible, Handsfree Use
2. 3 modes Massage Stimulation - Mixed Suction - Expression
3. 9 selectable levels for each mode
4. Breast shield Size 24mm.
5. Built-in lithium battery with Type C cable included.
6. Display LCD and touch buttons to choose funtions
7. Quiet design I Eco-sustainable packaging
8. 1 x 17mm Flange Insert, 1 x 21mm Flange Insert

Order Code: M027503 **- Product No:** 6976313750236

WF401

Oral Irrigator

Power Supply	5V ⎓ 1A
Water Tank	300ml
Power Consumption	5W
Battery Capacity	1800mAH
Charcing Time	More than 4 hours

Order Code: M025108 **- Product No:** 6942284602010

PROVAC

Portable Phlegm Suction Machine

Portable absorb phlegm apparatus designed based on developing orientation of similar products at home and abroad is a new generation of oil free lubrication suction device, which is suitable for use by the patient who has difficulty in phlegm removal due to illness, coma and operation, as well as for aspirating such liquid as pus and blood during the clinical practice. It is the commonly applied medical device for use in the emergency room, operation room, and for nursing in sickroom and home health care.

1. With a low flow, medium vacuum and fashionable stylish
2. Adopting oil-free piston pump
3. Adjustable pressure button to select any suitable pressure level
4. Overflow protection can safely and efficiently prevent the liquid from entering into the pump

Order Code: M028739 **- Product No:** 6975070911812

MOBINEB

Mesh Nebulizer

1. Dual Power supply with choice of Rechargeable Battery or USB Cable
2. Two Level Nebulization Rate Adjustment
3. Tiny particle size < 5 μm
4. Big medication cup
5. Low noise
6. Light-Weight
7. 7 Easy to Use

STAR5000

Fetal & Maternal Monitor

1. 12.1'' Color TFT LCD touch screen
2. Advanced ARM system, convenient for maintenance and upgrade
3. Standard and Big Font parameter interfaces
4. High sensitivity waterproof probes
5. Built-in 112mm width thermal printer
6. Full data review up to 120 hours
7. Automatic fetal status scoring system
8. Wall-mountable
9. Wired/Wireless central monitoring system options up to 128 beds
10. Option of connectivity to external printer
11. 3 levels alarm system
12. Standard configurations: FHR, TOCO, FM, AFM, Thermal printer
13. Optional configurations: FHR2, Fetal Stimulator, External Printer

Order Code: M066201 **- Product No:** 8698864013629

STAR5000 E

Fetal & Maternal Monitor

1. 5.7 inch TFT touchscreen
2. Built-in 112mm width thermal printer
3. Built-in Li-ion battery, up to 4 hours operating time
4. Manual / Automatic FM measurement
5. Automatic fetal status scoring system
6. FHR signal strength indicator
7. 60 hours real-time waveform reply & storage
8. Timing monitoring function to avoiding over-time monitoring
9. Optional connectivity to central monitoring system

Order Code: M066200 **- Product No:** 8698864013612

CLARMAC/CLARMIL

Standard Laryngoscope Set - Macintosh/Miller

1. Within plastic case
2. Autoclavable at 134°C
3. Curved and straight blade types
4. Resistant to disinfectant solution
5. The set is composed of:
   - 3 pieces of blade (Sizes: 00, 0, 1, 2, 3, 4)
   - 1 piece of handle with special lock system
   - 1 piece of spare bulb
   - Optional in sets of 3, 4, 5 blades

CLARMAC - Product No: 8698864008595

CLARMIL - Product No: 8698864008625

FLARMAC/FLARMIL

Fiber Optic Laryngoscope Set - Macintosh/Miller

1. Within plastic case
2. Autoclavable at 134°C
3. Curved and straight blade types
4. Resistant to disinfectant solution
5. The set is composed of:
   - 3 pieces of blade (Sizes: 00, 0, 1, 2, 3, 4)
   - 1 piece of handle with special lock system
   - 1 piece of spare bulb
   - Optional in sets of 3, 4, 5 blades

FLARMAC - Product No: 8698864008649

FLARMIL - Product No: 8698864008663

DIASET

Diagnostic Set - Standard/Halogen

1. Within zipper case
2. Autoclavable at 134°C
3. Adjustable light intensity
4. The set is composed of:
   - 1 piece of otoscope
   - 1 piece of ophtalmoscope
   - 2 pieces of larynx mirror (sizes of 3 and 4)
   - 1 piece of metal tongue depressor
   - 1 piece of adopter for disposable tongue depressor
   - 3 pieces of ear speculum (sizes of 2,5/3,5/4,5 mm)
   - 1 piece of light holder (for larynx mirrors)
   - 2 pieces of auxiliary bulb
   - 1 piece of nose speculum (reusable)
   - 1 piece of handle with screw lock system

Order Code: M040410 **- Product No:** 8698864008687

OTOSET

Otoscope Set / Ensemble D'otoscope - Standard/Halogen

1. Within zipper pouch
2. Adjustable light intensity
3. The set is composed of:
   - 1 piece of otoscope head with screw lock system
   - 3 pieces of reusable ear speculum (2,5/3,5/4,5 mm)
   - 1 piece of handle with screw lock system

Order Code: M040411 **- Product No:** 8698864008700

OFTASET

Ophtalmascope Set / Ensemble D'opthalmoscope - Standard/Halogen

1. Within plastic case
2. Autoclavable at 134ºC
3. 24 diopter setting between -25 and +40
4. The set is composed of;
   - 1 piece of ophtalmascope head with screwed lock system
   - 1 piece of handle with screw lock system

Order Code: M040412 **- Product No:** 8698864008700

OTO-OFTASET

Oto/Ophtalmoscope Set Ensemble De Otoscope + Opthalmoscope Standard/Halogen

1. Within plastic case
2. Adjustable light intensity
3. Vacuum type bulb
4. 24 diopter setting at a range between –25 and +40
4. The set is composed of:
   - 3 pieces of reusable ear speculum (2.5/3.5/4.5 mm)
   - 1 piece of otoscope head
   - 1 piece of ophtalmoscope head
   - 1 piece of handle with screw lock system

12. Drug library
13. IV standına sabitleme imkânı
14. Fixing to IV pole
15. Audible and visual alarms
16. Internal battery

Order Code: M066830 - **Product No:** 8698864012639

SYS-6010

Infusion Pump – Portable

1. User-friendly
2. Touchscreen
3. Anti free flow mechanism
4. High safety and stability
5. High accuracy
6. Optional drop sensor

Order Code: M066831 - **Product No:** 8698864012646

MP-80

Infusion Workstation

1. Modular desing
2. Stackable
3. Plug&Play
4. Syncronize alarm with pumps
5. Wi-Fi Connectivity to central monitoring system
6. Compatible with MP-60 infusion pump and MP-30 syringe pump

Order Code: M066834 - **Product No:** 8698864012653

MP-30

Syringe Pump - Modular Design

1. Touchscreen
2. Lightweight and small
3. Modular desing
4. Plug&play
5. Stackable
6. Automatic and manual bolus
7. Adjustable KVO
8. Night mode
9. Patient data
10. Drug library
11. Fixing to IV pole
12. Audible and visual alarms
13. Internal battery

Order Code: M066832 **- Product No:** 8698864012615

SYS-3011

Syringe Pump - Portable

1. User-friendly
2. High safety and stability
3. High accuracy
4. Patented drive system
5. Special technology of motor drive

Order Code: M066833 **- Product No:** 8698864012622

HI-101

Spirometry System - Table Top

1. For testing asthma, COPD and other respiratory failure patients
2. Compact for mobility
3. Large LCD screen
4. Test items: SVC, FVC, MVV, BD
5. Proven ATS accuracy
6. Data storage: Approx. 100 tests
7. Computer interface: RS-232C
8. Ideal for clinics
10. Just pres the buttons and testing is completed in 3 minutes
11. Rechargeable lead acid battery
12. Thermal printer
13. Data managment software for Windows
14. Optional items: Calibration syringe (3L or 1 L), spiro filtre

Order Code: M063901 **- Product No:** 8698864013353

BIOPSY PUNCH

Sterile

1. Disposable
2. Dimensions: 2 mm, 3 mm, 4 mm, 5 mm, 6 mm
3. Packing: 20 pcs/box; 50 boxes/carton

2 mm - Order Code: M032307 **- Product No:** 4560146922605
3 mm - Order Code: M032301 **- Product No:** 4560146922599

NEW ASKIR - 230/12V BR

Battery-Operated Suction Unit

NEW ASKIR 230/12V BR is an electric suction unit for the aspiration of body liquids, oral, nasal and tracheal aspiration in adults or children. Suitable for emergency applications and for post-operative therapy, both in professional environment and home-care. Three different options for operation: AC/DC adapter, rechargeable battery and 12V make it a versatile suction unit approved for NON-STOP operation without overheating. Provided with visual and acoustic alarm indicating low battery level. The newly-designed ergonomic handle ensures a comfortable and secure grip.

Order Code: M066933 **- Product No:** 8054619100370

Various TRIMPEKS products which do not take place in the Product Catalogue

Hospital Furniture

- Hospitalisation Bed
